## SECTION - B (Marks 36)

Q. 2 Read the following passage carefully and answer any FIVE questions including Question No. (i) appended to it.

Note: Question No. (i) about summary writing is compulsory carrying 06 marks while rest of the question carry 03 marks each. (6 + 4x3= 18)

Newspapers do not require us to sit at a place and read the news. Busy people may read the papers anytime of the day. They may read the news that is important to them early in the morning, and carry the paper with them to read in the bus or van. They may also choose to omit certain aspects of the news that they are not interested in.

Television on the other hand, requires its viewers to be at a certain place, at a certain time in order to watch and listen to the news. If they are busy people, they will miss the news. They cannot choose to read it on the move or throughout the day. They cannot even choose which piece of news they wish to skip. One way could be to record it and watch it later. But the point here is that it is not that convenient.

Television brings laziness in us. We can view the news with a little or no effort since it is practically a form of entertainment. If we have the leisure time, we can view the television news anytime of the day and night. It broadcasts the news as it is happening. Much mastery of language is not necessary for the person who prefers to view the news on television because everything is visual and auditory. A person with a basic knowledge of the broadcast language will be able to view and understand it. In comparison, the reader of a newspaper needs to be proficient in the language in order to understand it better.
